Subject: Company User's Group Involvement Support

Dear NISWUG Advisory Board,

I am writing to communicate the pleasure with which we support, and in addition encourage, our employees to become active and participate in the activities of the Northern Indiana SolidWorks User's Group. We recognize the value of the group to provide education and networking opportunities to our SolidWorks users. In addition to the open encouragement to attend the meetings we have also informed the participants that they are free to leave the workplace early if necessary to insure their timely attendance at the scheduled meetings.

I would also like to express my appreciation for the dedicated, hardworking efforts of all involved in making these opportunities available to our employees.

Best Regards,

Richard G. Pawloski
